(ISAIAH 9:7)**

Dear House and Senate leaders,

As people of faith this Advent Season, we join Sojourners in calling you to work on bipartisan immigration policies that are just, humane, common sense, and honor the God-given dignity of immigrants.

We ask that you:

- Create a pathway to citizenship for the over 11 million undocumented and under-documented immigrants in our communities
- Increase funding for U.S. Citizenship and Immigration Services (USCIS) for employment authorization and other application processing, backlog reduction, and integration funding
- Increase funding for the Shelter & Services Program (SSP)
- Increase funding for legal representation, child advocates, & post-release services for unaccompanied children.

Sincerely,

My prayer for you
